-  **stabica Finish**
cement-lime putty
-  **stabica Fix 50**
screws for fireplace panels
-  **stabica Mesh**
reinforcing mesh
-  **stabica TDM**
mounting plugs TDM

WARM FIREPLACE SYSTEM

COMFORT OF USE

The dust-free and smooth surface in the fireplaced chamber prevents dust from settling and transferring by convection

Heat achieved not only by convection, but primary by radiation (that is very healthy way for humans)

EASE OF PROCESSING

Perfectly dimensioned product
- low dimensional tolerance

Very convenient installation system for contractors, the processing requires basic carpentry and plastering tools

Below you will find the gross STABICA price list covering the standard range of products for the system in your company.
